To,

C.S.Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government
of Mysore, BANGALORE.

Sir,

I have the honor to forward herewith the reports on the progress of measures undertaken under the Malnad Improvement Scheme in the Chikmagalur and Tarikere Sub-Divisions of this District for the half-year ending the 30th June 1919.

I have the honor to be,
Sir,
Your most obedient servant,

M Seetha Ramiah.

for Deputy Commissioner and
Chairman, M.I.Committee.

Report on the progress of measures undertaken under the Malnad Improvement Scheme, in the Chickamagalur Sub Divi-sion for the half year ending 30th - June 1919.

---&&&&&--

1. Area and Population.

1. The Area of the Malnad tract in the Sub Division consists of about 1103 - square miles with a population of - 1,24,929, as per Census of 1911. The total number of Villages comprised with in the sphere of operations of the - Malnad Improvement Scheme in this Sub Division is 461 including 430 populated 21 Bechirak and 10 alienated Villages as will be seen from the following table

Serial No.	T A L U K.	Populated.	Bechirak.	Alienated.	Total.	Remar-ks.
1.	Chickmagalur.	256.	3.	6.	265.	
2.	Mudigere.	130.	6.	2.	138.	
3.	Kadur.	44.	12.	2.	58.	
	T O T A L.	430.	21.	10.	461.	

2. Agency and Staff.

I continued to be the Special Reve-nue Officer, in charge of the Malnad Improvement Operations in the entire District till the 1st January 1919 when the new Chickmagalur Sub Division was constituted. Accordingly to the provi-sion of Government Order passed in respect of the Constitution of the new Sub Division, the Malnad Improvement Works in the two Sub Division of Tariker-e and Chickmagalur came under the charge of the respective Sub Division Officers and I as Sub Division Officer of --

5

of Chickmagalur Sub Division continued to be in charge of the Malnad Improvement Works in the said Sub Division and also Secretary to the District, Malnad Improve-ment Committee, till about the end of March 1919, when the Treasury Assistant Commissioner was appointed separate Secre-tary to the Committee. Two Overseers on Rs. 70/- continued to be attached to this Sub Division.

S A N I T A T I O N.

3. Clearance of Rank Vegetation.

No expenditure was in-curred on account of this work in the Sub Division during the period under review and inspite of persistent endeavour by the Executive staff much work was not got done by the Villagers as their attention was otherwise engaged on account of the un-favourable seasonal conditions, the pre-valence of Epidemics such as cholera, Plague and Influenza and the scarcity of and the rise in rates of food grains for a greater part of the period under report.

4. Providing good drinking water.

(a). Sinking of new Wells.

During the half year 12 works of the newly sanctioned works together with 13 works which remained incomplete at the end of the previous half year were actually in execution and the number of Works which were completed during the half year under report is 12. The total amount spent on these works during the period under repor was Rs. 18,638/-

(b). Improvement to existing wells.

Three

Three new works were undertaken during the period under report in addition to the 22 completed works till the end of the last half year and all these three works were completed during the half year. Expenditure to an extent of Rs. 140/- was incurred during the half year in making payments on account of these works.

5. Improvement of Drainage.

No new Villages were dealt with under the head during the half year. 26 Villages were dealt with up to the end of last half year but 8 works which remained incomplete at the end of the last half year were - carried out and a sum of Rs. 1083/- was spent on these works under the head during the half year. All these works were reported to have been completed before the end of the Official year.

6. Shifting of Villages.

As has been already pointed out that the greater part of the period under report was not favourable to the people to devote attention to these matters no villages was dealt with under the head during the period under review.

7. Extension of Villages.

No fresh Village was dealt with under the head during the half year under report and the total number of villages so dealt with in the Sub Division since the commencement of the Scheme is 28. In several of the Villages houses are being built and the people are already living in them.

8. Formation of new Villages.

Arrangements

1. Kusuvalakki Sheds.
2. Thirumalapura. } Chikmagalur Taluk.
3. Hirekolale.

Arrangements are being made to provide suitable building sites to the marginally noted three new Villages formed under the Scheme, in this Sub Division.

9. Number of Villages to which sanitary Rules have been extended.

As per Government Order No. 4091-4/M. E.D. 24-13-134 dated the 20th November 1914 the sanitary Rules have been extend--ed to all the 461 Villages of the Sub Division comprised within the Malnad Improvement Scheme,

10. Construction of Model Houses.

The only place selected by the Commi-ttee for the construction of a Model - House is Attigundi in this Sub Division and a suitable site has also been selecte-d there for the purpose , owing to the - difficulty of procuring Contractors to take up the work on the hilly place as also of getting materials on reasonable rates on account of the War conditions prevented during the period under report the work has not yet been taken on hand.

11. Registration of Vital Statistics.

The revised system has not yet been - introduced in this Sub Division as Regis--ters prescribed there for have not been received by the president, District - Board, from the Superintendent, Govern--ment Press.

12. D I S P E N S A R I E S.

1. Aldur.
2. Attigundi.
3. Balur.

Three marginally noted stationary - Dispensaries, opened under the Scheme, in the Sub Division in the year 1916, have

8

have become popular and are doing use-
-ful work. The number of patients -
treated in the Dispensaries during the
half year and the total number of patie-
-nts since the commencement are noted
below:-

No.	Name of Dispensary.	Number of patients treated during the half year.	Total from commenceme -nt.	Remarks.
1.	Aldur.	4861.	27111.	
2.	Balur.	1826.	11876.	
3.	Attigundi.	367.	6867.	
	T O T A L.	7054.	45854.	

13. Free distribution of Quinine.

The demand for this drug was very -
great in almost all the parts of this
Sub Division and the local Revenue autho
-rities were frequently indenting for
the supply of these pills for free --
distribution among the Villagers of the
Malnad parts where people were suffering
from malarial and other fevers. An inde-
-nt has been made to the Medical Stores
and as the supply was not received in ~~t~~
time, no distribution was
made during the half year under report.

Resolved to Control Comz that the work
be offered to Distributing agencies &
proper accounts should be maintained

14. V A C C I N A T I O N.

Out of four Vaccinators who were at
work in this Sub Division under the
Scheme during the previous half year -
only three Vaccinators were at work ~~dur-~~
~~-ring~~ during the half year and the -
District Sanitary Officer is making --
arrangements to fill up the remaining
Vacancy by the appointment of a competan
-t.

9

competant and trained hand. The number of cases conducted by these Vaccinators is reported to be 1543, of which 1211 cases were declared successful.

15. M I D W I V E S.

Three of the four Midwives employed under the Scheme in this Sub Division were actually on duty during the period under review and the remaining Midwife was on leave without allowances for over four months. The number of cases attended to by these Midwives is report-ed to be 58. Three of these Midwives have been attached to the Dispensaries of the locality Viz., at Attigundi, Aldur and Sakrepatna and this work is supervised by the Sub Assistant Surgeons of the respective Dispensaries. The remaining Midwife is posted for duty at Gonibeed where her work on account of the absence of the Dispensary in the locality is being supervised by the Patel of the Village.

16. Spread of Knowledge on sanitation.

1. Quinine in the treatment of Malaria.
2. Small-pox and Vaccination.
3. Typhoid fever.
4. Cholera.
5. Infant Mortality.
6. Plague.

Three hundred copies of the monthly journal called "Malnad Samachara" has been subscribed for and the copies are being distributed to the Amildars and the Committee Members. The pamphlets already published as per margin were also distributed.

17. Medical Inspection of School going p o p u l a t i o n.

Under Departmental Circular Orders of the Medical Department, this work is being attended to by the Sub Assistant Surgeons and the District Medical and Health Officers. The following table

table gives the institutions so inspec-ted during the half year under report with the inspecting Officer noted against each. The total number of children examined medically in the Sub Division is reported to be about 1,850. The number of children actually treated was 133 of whom 132 were cured, 1 relieved. The report of the Sub Assistant Surgeons are scrutinized by the District Health Officer who was kind enough to furnish the above information.

Sl. No.	Name of place.	Name of Institution.	Inspecting Officer.
1.	Chickmagalur	Government Girl School. Government Hindi School. Weslyan Mission School. -do- Branch School.	Lady Apothecary, Chickmagalur.
2.	Sakrepatna	Village Elementary School.	Sub Assistant Surgeon, Sakrepatna.
3.	Mudigere.	Government A.V.School. Government Girl School.	Assistant Surgeon, Mudigere.

18. Special Scholarships to the Malnad

S T U D E N T S.

During the half year under review an application from one K. Krishnappa, for a Special Malnad Scholarship to enable him to prosecute general higher studies in the Maharaja's College at Mysore, was received in this Office and the same was submitted to the Deputy Commissioner and Chairman with suitable recommendation for getting some scholarships to the candidate.

V. Development of Industries.

19. Development of Industries.

During the half year under report an

(4

under report an Oil and Flour-Mill was installed at Chickmagalur under the - name of "Industrial Works" by a well-to--do merchant Mr. B. N. Hanumanthappa and arrangements are being made by -- Mr. V. Srinivasa Row, to start a Rice Huller and a Flour-Mill at Hosamane in Chickmagalur Town.

Improvement of Agriculture.

20. Special Measures.

Owing to the timely fall of some good showers the Ryots were very busy in -- preparing their lands and in some parts seeds have been sown. Through the efforts of the Agrilcultural Depart--ment, the Ryots in the Malnad parts have become well conversant with the benefits derived from the use of the improved ploughs and foreign varieties of seed grains as also the scentific -- manners and several of these improved ploughs such as Meston make, Kolar Mission &c have become very popular amon the people in these parts and the scenti--fic manners and Oil cakes are being freely used by them.

21. Restoration of Minor Tanks.

Besides the minor tanks restored by the Marahmat Department for irrigational purposes, Mavinakatte and Bantagere in Indavara and Mattavara Villages respect--ively, Javalikatte in the Mudigere - Taluk were undertaken by the Committee and improvements were effected chiefly to render these as sources of supply of good drinking water to the -- Villages.

Senior Assistant Commissioner,
Chickmagalur Sub Division.

N.P.

REPORT ON THE PROGRESS OF MEASURES UNDERTAKEN UNDER THE MALNAD IMPROVEMENT SCHEME IN THE TARIKERE SUB DIVISION FOR THE HALF YEAR ENDING 30th JUNE 1919.

--------oOo--------

G E N E R A L:

The Scheme for the improvement of the malnad in the Kadur District was being worked out by a whole time Officer viz., Special Revenue Officer for the District till November last when Government in their Order No. 420/C.B. 4-18-3 dated 22nd November 1918 having ordered that the malnad improvement work will be attended to by the respective Sub Division -- Officers until further orders, the work so far as related to this Sub-Division is being looked after by me. Although the order referred to above was communicated in November alone, it took some time to get all the papers etc., relating to this Sub-Division from the Special Revenue Officer, Chikmagalur and to enquire into the different stages in which the several works stood at that time in this Sub Division. The clerical Establishment which was sanctioned for the Special Revenue Officer was abolished and each of the Sub Division Officers were given an Establishment consisting of two clerks one on Rs. 30/- and the other on Rs. 25/- . This

Establishment

Establishment was sanctioned only in March last vide Government Order No. G. 20093-9/San. 31-18-5 dated 8th March 1919 and was entertained from 1st of April 1919.

2. Area and Population:

The area of the malnad tract in this Sub Division consists of about 815 square miles with a population of 63,387 as per Census of 1911. The total number of villages comprised in the Sub Division and included in the scheme is 226 excluding the Sringeri Jahagir and the following table shows the particulars regarding these villages.

Taluk.	Populated.	Bechirack.	Alienated.	Total.
1. Koppa.	103	2	-	105
2. Tarikere.	42	14	-	56
3. Narasimharajapura.	65	-	-	65
Total...	210.	16.	-	226.

3. Executive Staff:

Only one Overseer on Rs. 70/- per mensem was employed in this Sub-Division during the half year under report. The two Sub Overseers sanctioned one for Narasimharajapura and the other for the two hoblies of Lakkavalli and Lingadahalli of Tarikere Taluk were not employed and their posts were vacant. The Overseer employed in the Koppa Taluk was in

in charge of all the works of the Sub Division except those of Lingadahalli hobli in the Tarikere Taluk the works of the latter was looked && after by the Malnad Improvement Overseer attached to Chikmagalur Sub-Division.

In central comm., it has been resolved that one overseer 2 subovrseer, are enough for this dist

As it is found difficult for one Overseer to remain in charge of all the works in the Sub Division, the employment of the two Sub Overseers already sanctioned is quite necessary for the proper and better working of the scheme. Their pay and allowances etc., have also been included in the current year's budget recently submitted for sanction and the applications from suitable candidates for the posts will be called for after the receipt of the budget duly sanctioned.

I. S A N I T A T I O N:

4. Clearance of rank vegetation;

(a). At Government Cost:

No work of clearing rank vegetation was carried out at Government cost in this Sub Division during the half year under report.

(b). By Villagers:

The villagers in the malnad were induced to clear rank vegetation and lantana growing in their villages at their own cost with a view to improve the sanitation of their villages.

5. Providing drinking water facilities:

(a). Sinking of new wells:

Out of the total number of well works that were sanctioned in this Sub-Division till the end of December 1918, 33 works remained incomplete. During the half year under report 9 more works with estimates amounting to Rs. 6,534/- were sanctioned. Of these, 4 wells were newly started and 5 wells works were completed during the period. The remaining works which had been commenced during the previous half year also progressed to some extent. The total amount paid for these well works -- during the half year was Rs.1,618-11-6.

(b). Improvement to existing wells

No Estimates for improving the existing wells were sanctioned and no amount was paid on this account during the half year under report.

6. Improvement of Drainage:

At the beginning of the half year, 5 works remained incomplete. In additio 2 works were newly sanctioned at an estimated cost of Rs. 359/-. Of the above 7 works, 6 were newly started and 5 were completed and a sum of Rs. 845-15-5 was spent on these works during the half year.

7. Road Works:

At the commencement of half year, 5 works remained incomplete. For want of provision in the previous year's

budget allotment, some of the works had been put off and an expenditure of Rs. 176-7-0 incurred during the half year was met out of the provision under 'Miscellaneous Charges' in making payments to the already executed road works.

8. Facilities for obtaining timber for building purposes:

Two applications under this head were received and disposed of during the half under report.

9. Shifting or Extension of Villages:

About a dozen malnad villages in the Tarikere and Koppa Taluks and in the Narasimharajapura Sub Taluk of this Sub Division have been dealt with under the respective heads up to the end of December 1918. During the half year under report, the settlers of Shantipur village in the Tarikere Taluk brought by Mr. H. Shama Iyer ~~were~~ have permanently settled themselves by shifting their habitation to survey no. 32 of the village for want of water convenience in the place where they had settled before. Another village viz., Mudagode in the Lakkavalli Hobli of the Tarikere Taluk is being dealt with and an estimate for Rs. 1,686/- for laying out new habitation has been sanctioned and necessary declaration statements have been submitted to the Deputy Commissioner for obtaining sanction of Government to acquire the

the lands required for the purpose.

10. Construction of Model houses:

One Model House at Lakkavalli in the Tarikere Taluk is under construction. A sum of Rs. 316/- has been spent up to date on this work. The original Estimate for this work was sanctioned for Rs.1,980/-. It was revised and an Estimate for Rs. 4,000/- was subsequently sanctioned. As it was since considered that a model house must not exceed the financial capacity of an average man in the locality, this Estimate for Rs. 4000/- has been ordered to be reduced to Rs. 2,000/- . The Overseer has been asked to prepare a revised Estimate accordingly.

11. Registration of vital statistics:

This system has not yet been introduced into this Sub Division.

12. MEDICAL RELIEF:

(a). Dispensaries:

The marginally noted three stationey dispensaries are in existence in this Sub Division. The Government in their Order No. G. 16234-7/Med. 11-17-86 dated 22nd February 1919 have sanctioned one Vydyasala to be newly established at Kigga in the Koppa Taluk and necessary arrangements are being made to furnish the institution with necessary medicines and staff.

All

	No. of patients treated.
1. Balehonnur.	5787.
2. Santaveri.	1410.
3. Lakkavalli.	2604.
	9801.

All the three dispensaries noted above which are in working order have become popular and are doing useful work and the people have realized the benefits of European medicines. The total number of patients treated by these Dispensaries during the half year under report was 9801 as per marginal details -- against each. Necessary buildings have been provided both for In and Out -- patients wards etc., as also quarters for Sub Assistant Surgeons in charge of these Dispensaries by the local philanthropic gentlemen of these places. The - gentlemen who have made a gift of these buildings are being induced to provide some more accommodations required for the use of the Dispensaries and to effect necessary repairs to the existing buildings wherever necessary.

(b). Training and employment of Midwives:

1. Lakkavalli.
2. Balehonnur.
3. Hariharpur.
4. Sollebyle.
5. Lingadahalli.

The services of five Midwives have been employed under the scheme in this Sub Division at the places noted in the margin. Of these five midwives, one at Lakkavalli who went on leave in March 1919 has not returned to duty till now and the District Medical Officer, Kadur has been requested to send another - trained and experienced midwife in - place of the absent incumbent as the people of the place and its surroundings are experiencing great difficulty for want of the services of a midwife to attend to labor cases. The other

four midwives were on duty during the half year under report and the total number of cases attended by these midwives were 22 during the period. These midwives are attached to the Dispensaries at places wherever such institutions exist under the direct supervision of the Sub Assistant - Surgeons in charge of these Dispensaries and in places where there are no Dispensaries, their work is supervised by the village Patels. Necessary - quarters for the occupation of these midwives have not yet been provided at any place. Proper accommodation will have to be provided for them. No fresh candidates were either trained or sent for training in midwifery from this Sub Division during the half year under report. Sufficient allotment has been provided in the budget for training one midwife from this Sub Division during the current year.

(c). Distribution of Quinine.

The demand for this drug was very great in almost all the parts of this Sub Division and the local Revenue authorities were frequently indenting for the supply of these pills for free distribution among the villagers of the Malnad parts where people were suffering from Malarial or other fevers The Sub Divisional Assistant Commissioner, Chikmagalur, was requested to send a small stock which was thought to be available in his Office to meet the urgent demands till the supply of

of our indent was received from the Superintendent, Government Medical Stores, Bangalore, to whom an indent for 20,000 pills had been made. As that Officer replied that the quantity supplied to his Office had been exhausted no distribution of Quinine could be made during the half-year under report. The supply of 20.000 pills indented for was only received in July 1919 and necessary arrangement have been made to the free distributio of these pills through the local Revenue authorities and executive staff of the Department.

(d) Vaccinators.

Four Vaccinators were employed under the Scheme in this Sub Division during the half year under report. The particulars as to the work turned out by the Malnad Improvement Vaccinators attached to this Sub Division are not being received in this Office. The District Sanitary Officer under whose direct supervision and orders they have been working, has furnished the details of works turned out by these vaccinators during the half year as noted in the margin. No fresh candidates were either trained or selected for training during the half year. Necessary provision has been made in Budget Allotment recently submitted for sanction to meet the cost of training two vaccinators from this Sub Division during the current year.

	No: of cases conducted.	No: successful.
1.Balehonnur.	15	12
2.Kigga.	149	126
3.Lingadahalli.	198	153
4.Hariharpur.	742	693
Total.	1,104	984

(e) Special grant to Medical aid.

No special grant-in-aid was sanctioned by Government to any Medical Institution during the half year under report.

III. EDUCATION.

13. Spread of knowledge on Sanitation.

(a) Issue of leaflets.

No pamphlets were got printed and distributed in this Sub Division during the half year. Necessary provision has been asked to meet the charges of getting useful small pamphlets for distribution among the villagers of the Malnad parts of this Sub Division during the current year.

(b) Special lectures and Itinerant Lecturers.

During the half year under report, no lecturers were employed or any special lectures were delivered. But the Amildars of the Taluks and the executive staff of the Department are generally advising the villagers during their tour on inspection duty, on general sanitation etc with a view to improve the sanitary condition of their villages.

14. Industrial Schools.

There are no Industrial Schools in any of the Taluks and Sub Taluk in this Sub Division.

15. Better regulation of physical exercise in Schools

The

The American and Swedish method of Drill now introduced into the Schools by the Education Department has become popular and the students are taking much interest in the newly started Boy Scout Movement. No action has been called for by the Malnad Improvement Scheme in this respect.

16. Grant of scholarships for Secondary, Higher and Professional Education.

During the half year under report no such applications for the grant of these scholarships were received in this Sub Division.

IV. I N D U S T R I E S.

17. Development of Industries.

Some of the indigenous industries noted below which were already established in this Sub Division are in fair working order, and progressing well. The spirit of enterprise and organisation which is an essential condition for fostering new ones is badly lacking. There are a few capitalists in this Sub Division but they are rather timid to invest their capital in profitable industries. Efforts are being, however, made to induce them to invest more capital in order to revive and encourage other existing industries.

Name of Industry	Place at which established.	Remarks.
Tile Factory.	Sringeri.	Working well.
Shoe Industry.	Tarikere.	Progressing well.
Weaving.	Do.	Very few.
		Requires encouragement

Carpentry.	Tarikere.	Progressing well.
Mat and Basket making.	Tarikere.	Do.
Oil Mill.	Sringeri.	Fairly working.
Bone Crushing Mill, & Coffee Huller.	Tarikere Taluk.	Maintained by Coffee Planters.

V. A G R I C U L T U R E.

18. Improvement of Agriculture.

Endeavours are being made to induce the ryots of the Malnad in order to improve their Agriculture by using improved ploughs and foreign veriety of seeds. Nearly 45 improved ploughs were sold to them during the period by the Agricultural Department. Green-manuring for paddy was introdused in many places. Honge cake and oil cake are being supplied to the ryots by the Agricultural Department. Manure Depots were opened at all Taluk Head Quarters.

VI. I M P R O V E M E N T OF THE ECONOMIC CONDITION.

19. Co-operative Societies.

The Societies started in this Sub Division during the half year and those that were already in working order continued to work satisfactorily

20. Recruitment of Labour.

The Government had in their Order No: G.20308-13/San.80-16-60 15 dated the 10th March 1919 sanctioned the employment of a Labour Recruiting Agency at Udipi for the supply of labour to Koppa and Thirthahalli Taluks and called for proposals for giving effect to the scheme from the Chairman, Malnad Improvement Committee Shimoga District, after preliminary

preliminary investigation. Subsequently the Order of Government above referred to was modified by Government Order No: G.2640-6/San.108-18-3 dated 24th May 1919 directing that the Labour Agency be placed under the control of the Malnad Improvement Committee of the Kadur District instead of Shimoga and that the Scheme be temporary for a period of 3 years instead of two, The Government have further sanctioned a sum of Rs:1,000/- for establishment and other charges, the details for the same being submitted by the Chairman, Malnad Improvement Committee, Kadur. Necessary investigation on the three points referred to in para 3 of the Government Order referred to above, is being made so far as it related to Koppa Taluk and the records of such investigation will be forwarded to the Deputy Commissioner and Chairman, Malnad Improvement Committee, Kadur, who has called for the same.

VII. MISCELLANEOUS.

Tarikere:-Santipura.
Haravanahalli.
Lingadahalli.
(Krishnapura).
Narasimharajapura.
Balehonnur.

21. Attraction of Settlers.

A few families had settled in the marginally noted malnad villages of the Tarikere Taluk and Narasimharajapura Sub Taluk in this Sub Division at the beginning of the half year. No new families were brought in and -- settled in the malnad parts of the Sub Division during the period under report.

As the Malnad Improvement work was attached to this Office only at the

the cpmmencement of the half year under report and the Clerical Establishment was given very recently and also most of the period was occupied in the getting of the previous references and obtaining instructions on several matters relating to the Scheme and in-inspecting the works and making payments of the bills relating to the Malnad Improvement Works, sufficient progress could not be shown under some of the heads of the Scheme during the period under report.

22. Allotment and Expenditure.

The following statement shows the total allotment sanctioned for the whole District for expenditure under the various heads of the Malnad Improvement Scheme and expenditure incurred in this Sub Division for the period from February 1919 to the end of June 1919.

Items.	Allotment for the whole District.	Expenditure from February to June 1919

Sub Divisional Assistant
Commissioner, Tarikere.

B.S.,

Proceedings of the Govt of H.H.
the Maharaja of Mysore.

Read:-
Letter no. Dy. I.C 276/1920
dy 29-3-1920 from the Dy
Comm^r Chairman, Dy. I. Comm^r
Kadur District submitting a
report on the progress of mea-
sures undertaken under the Rural
scheme ~~during the half year~~
in the Chikmagalur & Tarikere
Sub Divisions of the Kadur Dt
during the half year ending
30-6-19.

Order no G 24745
dy 1st May, 1920

Recorded.

2. Clearing of Rank Vegetation.
It is satisfactory to note
that no progress has been shown
under this head. The Sub Dy Offrs
~~are requested to induce the~~
~~villagers to take up this work.~~

3. Well work. 17 new wells
and 3 old wells are reported
to have been completed during
the period at a cost of Rs ~~Rs~~
2256-11-6 and Rs 176-7-0
respectively

(The delay of eight months in the submission of the reports is very unsatisfactory. The Dy. Comm^r should and Chairman of the District Committee should have submitted a review of the reports as directed in G.O. No 3259/Sany. 16-17-7 dated the 18th December 1917.

The Chikmagalur attributes this lack of progress to the unfavourable seasonal conditions, the prevalence of epidemics and the acute food situation. It is hoped that every endeavour will be made to show better progress in this direction in the coming half year.

respectively.

4. Drainage works 13 works ~~have~~ are ~~been~~ reported to have been completed at a cost of Rs 1928-15-5

5. Facilities for obtaining timber for building purposes. Two petitions ~~have been~~ are reported to have been received in the Tarikere Sub division and disposed of.

6. Shifting of Villages. ~~9 villages~~ ~~have been shifted in the Tarikere Sub Div during the period and more in the Chikmagalur Sub Div~~ are reported to Effort should be made to show greater progress in the matter in future.

The settlers of Shantipura village in the Tarikere Tk permanently shifted their habitation to a more healthy locality during the half year and arrangements were in active progress for the shifting of another village Mudafode in the same Taluk. But there was no progress shown in this direction in the Chikmagalur Sub Dn where however arrangements were being made to provide suitable building sites to three new villages already formed.

7. Model Houses. One ~~house~~ in Tarikere Sub Dn is reported to be in progress and a sum of Rs 316 was spent on this account during the period under review. But there was no progress shown in this direction in Attigundi village in the Chikmagalur Sub Dn

8. ~~Vital~~ Registration of Vital Statistics. It is ~~still~~ reported that the new method of ~~the~~ registration of vital statistics has not yet been introduced, as the prescribed Registers have not yet been received.

The Dy

The Deputy Commissioner is requested to communicate with the Superintendent, Govt. Printing and make attempts to ~~enter~~ introduce the new method as early as possible.

9. Medical relief ~~Nil~~

Six stationary dispensaries in the district are reported to have treated 16,855 patients during the half year

10. Distribution of Quinine

It ~~is unsafe, safety to note~~ was not possible to distribute ~~that no~~ any Quinine ~~was distributed~~ in either of the sub divisions during the period under review, as no stock of pills was received from the Medical Stores.

11. Midwives 7 out of 9 midwives (employed at various centres) are stated to have conducted 80 labour cases during the period

12. Vaccination 7 vaccinators working under the scheme conducted 2647 cases of vaccination of which 2195 were successful.

13) Spread of knowledge. No progress has been reported under this head during the period under review except the distribution of 300 copies of "Malnad Samachara" among the Panchayat members and Committee members.

14. Medical Inspection of School going children

It is gratifying to note that 1850 school children were examined in 7 schools ~~and~~ in the Chikmagalur Sub Div and 133 were treated

15. Restoration of minor tanks

It is reported that 3 tanks were restored in the Chikmagalur Sub Div

16 Attraction of settlers. No progress under this head during the ~~progress~~ period has not been noted —

17. General It is very unsatisfactory to note that in spite of repeated observations, the report ~~about~~ has been received nearly 8 months after it was actually due & that the Dy Commissioner's review

to period prescribed in Co. no
3259/Sanj/16-17-7 & 18-12-1917
has not been ~~put up~~ submitted. It is
hoped that such delays &
omissions will be avoided
in future.

It is reported that
the little progress made in
the period under review was
due to unfavourable seasonal
conditions, prevalence of epide
& scarcity of food grains.

Read :-

Letter No. M.I.C.276/19-20 dated 29th March 1920 from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Kadur District submitting a report on the progress of measures undertaken under the Malnad Improvement Scheme in the Chickmagalur and Tarikere Sub Divisions of the Kadur District during the half year ending 30th June 1919.

****

Order No. G 24745/ San 3-19-11
Dated Bangalore, the 1st May ~~April~~ 1920.

Recorded. The delay of eight months in the submission of the reports is very unsatisfactory. The Deputy Commissioner and Chairman of the District Committee should have submitted a review of the reports as directed in Government Order No. 3259/San.16-17-7 dated the 18th December 1917.

2. Clearance of Rank Vegetation. No progress has been shown under this head. The Sub Division officer of Chikmagalur attributes this lack of progress to the unfavourable seasonal conditions, the prevalance of epidemics and the acute food situation. It is hoped that every endeavour will be made to show better progress in this direction in the coming half year.

3. Well Works. 17 new wells and 3 old wells are reported to have been completed during the period at a cost of Rs. & Rs. 20,256-11-6 and Rs. 176-7-0 respectively.

4. Drainage works. 13 works are reported to have been completed at a cost of Rs. 1,928-15-5.

5. Facilities for obtaining timber for building purposes. Two petitions are reported to have been received and disposed of in the Tarikere Sub Division.

6. Shifting of Villages. The settlers of Santipur village in the Tarikere Taluk permanently shifted their habitation to

to a more healthy locality during the half year and arrangements were in active progress for the shifting of another village Mudagode in the same Taluk. But there was no progress in this direction in the Chickmagalur Sub Division where however arrangements were being made to provide suitable building sites to three new villages already formed. Efforts should be made to show greater progress in the matter in future

7. Model Houses. One house at Lakkavalli in Tarikere Sub Division is reported to be in progress and a sum of Rs. 316/- was spent on this account during the period under review. But there was no progress shown in this direction in Attigundi village in the Chickmagalur Sub Division.

8. Registration of Vital Statistics. It is reported that the new method of registration of Vital statistics has not yet been introduced, as the prescribed Registers have not yet been received. The Deputy Commissioner is requested to communicate with the Superintendent, Government Printing and make attempts to introduce the new method as early as possible.

9. Medical Relief. Six stationery dispensaries in the district are reported to have treated 16,855 patients during the half year.

10- Distribution of Quinine. It was not possible to distribute any quinine in either of the Sub Divisions during the period under review as no stock of pills was received from the Medical Stores.

11. Midwives. 7 out of the 9 Midwives employed at various centres are stated to have conducted 80 labour cases during the period.

12. Vaccination. 7 vaccinators working underthe scheme conducted 2647 cases of vaccination of which 2195 were successful.

13. Spread of knowledge. No progress has been reported under this head during the period under review except the distribution of 300 copies of "Malnad Samachara" among the Amildars and Committee Members.

14. Medical Inspection of School going children. It is gratifying to note that 1850 school children were examined in 7 schools in the Chickmagalur Sub Division and 133 were treated.

15. Restoration of Minor Tanks. It is reported that three taluks were restored in the Chickmagalur Sub Division.

16. Attraction of Settlers. The progress under this head during the period has not been noted.
